Weird & Wild Animal Facts

Synopsis

There are lots of fascinating animals throughout the world with unusual characteristics. But you may be surprised to learn that many common animals may also have some uncommon characteristics! For example, did you know that: A giraffe can clean its own ears with its tongue? Or that a hippo has teeth as long as a child's arm? So come read facts about fourteen special animals who are less "normal" than we may think at first look.

Customer Reviews

Beautifully designed with great photos. The facts are very entertaining and fun to share with kids. Very enjoyable.

My 9 yr old granddaughter loves this book. She is fascinated by the contents.
