H Is For Hoosier: An Indiana Alphabet

Synopsis

Indiana is called the Hoosier State and its people are known as Hoosiers, although historians don't really know why. They do, however, have several ideas about the origins of the famous nickname. Children can learn these origins and other facts about the Hoosier state in *H is for Hoosier: An Indiana Alphabet*, written by Cynthia Furlong Reynolds and illustrated by Bruce Langton.

Book Information

Lexile Measure: 980L (What's this?)

Hardcover: 40 pages

ISBN-13: 978-1585360413

Product Dimensions: 9 x 1 x 11 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (17 customer reviews)

Best Sellers Rank: #43,026 in Books (See Top 100 in Books) #16 in [Books > Children's Books > Education & Reference > History > United States > State & Local](#) #107 in [Books > Children's Books > Geography & Cultures > Explore the World > United States](#) #266 in [Books > Children's Books > Geography & Cultures > Multicultural Stories](#)

Age Range: 6 - 9 years

Grade Level: 1 - 3

Customer Reviews

I received this book as a Christmas gift from a co-worker. I teach fourth grade and we study Indiana History, so this is an awesome and appropriate book. The wording Mrs. Reynolds uses, and the illustrations from Mr. Langton, hook the students in and keep them interested until the very end. The facts and information on the sidebar of each page is an excellent way to tie everything in together. I read it to my students immediately upon receiving it, and they have already made references to it just in the short time since I've had it. It is a perfect gift for any teacher (especially one who teaches fourth grade) or for any Hoosier. I would recommend this book to anyone!

My daughter and my grandchildren recently moved to Indiana so I sent this book to them so they could learn more about their new home. I had purchased other state books and found them to be

enjoyable by multiple ages.

We lived in Indiana for a year with our small children and we have tried to remind them of all the fun things we did and learned while we lived there. This book is adorable. It covers all the highlights of Indiana. My boys LOVE reading and remembering our year as temporary Hoosiers.

This was my first purchase of the books in this series from Sleeping Bear Press. I loved it so much, I started buying the books about the other 49 states. I think they are tremendous for kids -- and adults can learn a lot about each state also. At least, consider owning the one that is about your own state of residence! Now I own all 50 State Alphabet books and can't wait to share them with my grandkids. A great investment.

H is for Hoosier takes you and your child through Indiana with 26 different stops according to the letters of the alphabet. Beautifully illustrated and well researched, this book is perfect for young children to read and say, "We've been there!" or "Can we go there?". My preschool class loved that they could relate to events and destinations in the story.

What a great coffee table book. It's got a great combination of high-quality photos and real, interesting information about the state of Indiana. Giving facts based on the letter of the alphabet is creative, and the overall layout of the book and its information is very high quality.

I loved this book as much as my 6 year old daughter. It has a very cute little Indiana history lesson while going through the alphabet. I know someone expecting a baby and I bought the book for her also. I think it is great for ages newborn and up.

I enjoyed reading about the history. The town of the underground railroad - the couple in Fountain City that Harriet Beecher Stowe used as models for Simeon and Rachel Halliday for in her book Uncle Tom's Cabin, the Native Americans tribes, the French Explorers. Well rounded facts of history and state pride.
