Shipping Weight: 2.4 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (14 customer reviews)

Best Sellers Rank: #178,183 in Books (See Top 100 in Books) #23 in [Books > Children's Books > Growing Up & Facts of Life > Health > Physical Disabilities](#) #151 in [Books > Children's Books > Biographies > Science & Technology](#) #226 in [Books > Children's Books > Growing Up & Facts of Life > Friendship, Social Skills & School Life > Special Needs](#)

Age Range: 6 - 9 years

Grade Level: 1 - 4

Customer Reviews

A favorite book of my little 5 year old granddaughter. I gave her a copy to take home with her and also bought a copy for my sister to share with her kids!! I would love to buy more of his books on famous people!

An early reader biography for elementary age students K-3. David Adler did a nice job of describing the challenges and frustrations that young Helen Keller went through and the hope Anne Sullivan, her teacher, brought into her life. Keller was such an amazing woman who inspired so many disabled people to realize their life can have meaning and quality. Her story will continue to be inspirational to many, even those who have much smaller hurdles to overcome in life.

My daughter heard about Helen Keller at preschool and wanted to learn more. This book was a great starting point and has become one of her favorites and a great jumping off point for discussing

more of Helen Keller's life and work. Highly recommended.

I had to read this book for a class at college for my education major. It tells the story of Helen Keller simply and accurately, with very nice illustrations. It is a good book for young children to begin learning about who she was. I'm sure there are better books out there, but this is pretty good to begin with.

I think this book is TERRIFIC! It told the story very, very well. I loved reading it to my 7-year-old daughter. When we were through, she exclaimed, "Read it again!" I highly recommend it!

I have read a story to my granddaughter about Helen Keller. She has been wanting to learn more about Helen and this book has language that a six year old understands. The pictures also helped her learn about the time Helen was a child.

I like the picture book. It's Helen Keller. Helen Keller was born in Tuscumbia Alabama. A girl would like this book if they bought it. 6 years old, 6 1/2. I thought I was back in Helen Keller's year. --

Written by Meg, age 5 1/2

No, it isn't the full biography of her life that one might expect to find in an adult level book. But, I think it is pretty obvious that it is a picture book. As such, it is perfect for small children.
