Everyone Can Learn To Ride A Bicycle

Synopsis

œ[Raschka's] marvelous sequences, fluid style, and emotional intelligence capture all of the momentum and exhilaration of this glorious accomplishment,â • raves School Library Journal in a starred review. Learning to ride a bike is one of the most important milestones of childhood, and no one captures the emotional ups and downs of the experience better than Chris Raschka, who won the 2012 Caldecott Medal for *A Ball for Daisy*. In this simple yet emotionally rich "guide," a father takes his daughter through all the steps in the processâ ”from choosing the perfect bicycle to that triumphant first successful ride. Using very few words and lots of expressive pictures, here is a picture book that not only shows kids how to learn to ride, but captures what it feels like to fall . . . get up . . . fall again . . . and finally "by luck, grace, and determination" ride a bicycle!

With simple text and watercolor illustrations, a young girl discovers how to ride a bike, from training wheels and practice, to riding on her own. Children who are learning to ride a bicycle will take courage from this picture book.

It's really hard to find books about bikes! This one has art that makes me smile, and a good story about never giving up. I like it. It would make a great gift for a friend who is expecting or has kids,

and loves bikes.

My 4 year old son can ride a bicycle after being inspired by this book. What can I say more!

Wonderful inspiring story with beautiful water color pictures!

my 7 year old is a little too old, but good for my 5 year old

Convincing for a child who may be afraid to try.

Not what I expected. Cute story though.

Fast and as described! Thanks!
