K Is For Keystone: A Pennsylvania Alphabet (Discover America State By State)

Synopsis

Frank Lloyd Wright's Falling Water, Gettysburg, Ben Franklin's inventions, the Liberty Bell -- there is so much to learn about Pennsylvania's history and geography. K is for Keystone is a wonderful introduction to many of Pennsylvania's unique features for readers young and old. "E is for Easton A town where you can see, The birthplace of crayons and markers, In the Crayola® FACTORY." "The word Crayola® comes from the French word craie (chalk) and the first part of the word oleaginous (an oily paraffin wax). In 1903 cousins Edwin Binney and C. Harold Smith created an overnight success with their Crayola® crayons made for school use. Seventy-five years later Crayola® markers were produced. The Crayola® FACTORY in Easton, Pennsylvania, includes a hands-on discovery center and offers demonstrations that show how crayons and markers are made."

Customer Reviews

I purchased this book for some former neighbors who moved to PA, and their mother reports that her boys have loved reading it with her and finding the highlighted places on the map of their new state.

We purchased "K is fro Keystone" as a gift for our adult son and his wife who are now moving from PA to Kentucky due to a company promotion. I am a college professor in teacher education and was an elementary principal and also a classroom teacher. This book is an excellent picture book with vivid illustrations and informative detail about the wonderful and unique history of PA

This review will cover all these books since I have bought for every state for each andchild and friend's children wherever they live. They are the greatest for all ages to know about the various states. The pictures are exceptional.

We are in the process of moving from PA to CT. I friend bought my 5 year old son this book as a going away gift. My son loves it. The pictures are great and text is written in rhyme. It made a wonderful gift.

Great book about Pennsylvania.It includes wonderful pictures and many places all throughout the state of Pennsylvania. I gave this book as a gift and it was very much appreciated by the recipient.

I rented this book from the library to read to my daughter. Its sad that I'm from Penn and didn't know some of these facts. I'm going to buy this book and some of the other editions to read to her.

This book was a gift for a newborn. His mother had listed it in his Baby Registry. made it easy to order and deliver since I was not going to see them at Christmas.
