I bought this for 7 year old, but decided it was too advanced for him, so I'm saving it for a future birthday, hoping that he will still be a baseball player by then. It looks like a great book, and I'm sure Mark and his dad will love it in a year or two.

Play by the rules and we're bound to meet success. That's what my mother always told me when I was a kid and she's right. And that's what this book is all about, i.e a lot of baseball history and a great how to book that helps baseball lovers improve on their game. I can easily identify with the from backyard to ballpark theory. As a kid I often went into my backyard and threw my tennis ball

against the back side of a five car garage (50' x 20'). And it was there that I could dream, be anybody I wanted to be, and had fun. This book puts me into the right place with baseball history and how to help about the game. Many baseball lovers will have a better appreciation for the game and ultimately be a better baseball player. It's a fun and exciting book to read, I give it 5 stars, and I'm Marvin P. Ferguson, author of Boys On The Gold Coast.

My son loves this book.....he said mom thank you thank you soooooo much

I GAVE THIS TO MY GRANDSON, AND HE LOVES IT
