For Girls Like You: A Devotional For Tweens

Synopsis

Tween girls have access to an unbelievable amount of media and information with just a simple click of the remote or mouse. Every outlet they turn to attempts to subtly influence their worldview...and what they believe about themselves directly affects how they live. Wynter Pitts, founder of For Girls Like You magazine, gives girls a new devotional showing them a correct definition of themselves, opening their eyes to God's truth and the difference it makes in their lives. Each daily devotion includes a prayer to help girls apply the lesson. "If you've wondered whether there is anything left on the planet to entertain your young beauties that promotes morals you'd approve of, look no further" — Author and speaker Priscilla Shirer

Purchased this for my very mature 8 year old. I love that this devotional does not have anything that is inappropriate for my daughter, does not expose her to things she would not normally be exposed to, and also gives her real life application that appeals to her. I teach middle school and I could see this appealing to girls up to age 12. The book says it's for ages 8-12. Very well done, cute and appealing to girls.

As Founder and Executive Director of a Dallas after school program for inner city girls, we ordered 20 copies to pray through and meditate on during our weekly Club Day with elementary aged girls.

Wynter Evans Pitts is a relevant, Godly voice to young girls and has the ability to reach out and grab hearts for the Kingdom with her understanding and sharing of God's Word. We are ordering more!. This devotional has arrived for such a time as this... 5 stars! Suzanne Trahan, Reach4Hope

I am a mom of a 10 year old girl that is going into 5th grade! This devotional book is perfect for her age group. The topics are relevant and it is written in a way that this age group can easily relate. This is an awkward age and the author does a great job of taking the issues at their age level and helping us (as mother and daughter) discuss these issues in an open way. After reading it myself, I ordered 25 more to give away to friends in her class.

My girls in my Sunday School class really enjoyed this devotional book during class. I was able to find a devotion for each lesson and read afterwards. It is so hard finding material for tweens and this little book was perfect to share with them. Thank you for the material written for their level. I would recommend this as a personal devotion for any tween girl.

This is the best, most down-to-earth (yet Godly) devotional written to-date. Wynter is so insightful on what is really going on and needed for Tweens. It just might be because she has 4 girls of her own? Regardless, this is a must read for all Christ-followers that want their kids to be impacted by the Word of God.

My daughter loves this book! I bought it quite a while ago. She read the entire book in a couple days but still pulls it out from time to time to read again. It is very relatable to her, she is 10. She stated she loved how she felt the author was speaking directly to her.

My daughter really enjoys doing this devo book before bed time. The chapters are short and sweet. They are great devos for preteen girls. The only thing I would like better is a little more scripture reference.

Teaching our children to follow Christ must start in the home. Yet sometimes it's a struggle when all of the teaching opportunities seem to be routine. We try so hard to live our faith as an example, but sometimes my girls just want to talk or cry a little on their mama's shoulder. Advice comes easily on some days and on other days I'm reaching out to Jesus to give me the words. Words to help them understand that this life is hard but they are so very loved, despite

the hardships of growing up. It's in these moments that I'm grateful for those who go before me to produce encouraging, Christlike material that influence my daughters' young minds. To those who share their talents with us moms while speaking truth straight from His Word. This book truly teaches my girls just how present God is in every detail of their lives. From modesty to feeling angry, obedience to being a good steward of their money, gossiping to serving God – this book is written in perfect context to the life of a tween girl. I hope that you'll join my family in reading For Girls Like You on your own. I'm certain you won't be disappointed!
