Dr. Jim Garlow has written a powerful and important book that every Christian and every Pastor should not only read but also quote repeatedly. All of the most important issues of the day have been addressed in Scripture and Pastor Garlow provides an insightful and powerful treasure map to show forth the brilliant answers to today's toughest questions. Before voting....even before watching the nightly news or "googling" a subject, we should have a resource that authoritatively explains God's view on today's issues. This book does that. It is easy to read and powerful. It will bolster your faith, strengthen your resolve, and prepare you for the daily culture war we are facing. Readers will thank God for this book and the work of Christ through Pastors Jim and Rosemary Garlow.

What an informative book! I needed those real biblical answers to so many of the issues facing our country today. I bought the audio version as well as 5 more books to pass on to friends. We need

this now more than ever! James Garlow is a very well educated and devoted follower of Christ. Because of his knowledge of biblical and world history, he is able to translate the sometimes difficult to understand issues, in to a language we can all get. Thank you Jim for the insight and your heart for this country.

Dr. Garlow did it again. Allowing the Holy Spirit to speak thru him, addressing today's hot topics and equipping readers with Biblical truth. Not only should pastors and all followers of Christ read this, but every person that seeks light and hope in between all the confusion in today's world. Please don't take my word for it - read the book and let it speak for itself. Allow your life to be changed thru Biblical truth.

I found the book solid from a scriptural point of view and agree with the author on almost every count (except, at least in my opinion, the section on global warming was shallow and seemed to be more of a canned right wing political point). The issue is that the Church, just like the Christians who make it up, are fallen, and consistently fall short of shoring up their fellow man, and even sometimes their own family members. Part of the reason our government has taken on social safety net responsibilities is because Christians and the Church really didn't. The question that is not addressed in the book is, besides prayer, how do the faithful take a stand to re-assert a Godly world view in this country, and do so with kindness, selflessness and faith, and support each other when attacked by others, and even the Government? Is today's Church and our average believer up to the challenge? I respect Mr. Garlow for leading by example and compassion, and being brave enough to write a book like this, but I see a strong bunker mentality in some churches today, and having ceded social services to the government long ago, it will be very hard without God's intervention, to reverse that process.

Dr. Garlow has written an amazing book. I rank this in the top 3 books every Christian should read this year -- then keep it close by as a handy reference. You will be going back to this book again and again! Troy Newman

This book was recommended to our congregation by our Pastor. It is a great book and I think every Christian should read it. It gives great insight on how to give biblical answers for today's worldly issues.

Such a great book that can help equip Christians with biblical truth on popular topics in today's society. Quick easy read that can also be used as a reference book!! Covers so many different important topics!

I purchased this book as a resource for study and teaching. It has more than met my expectations in both categories. I would gladly recommend it to anyone.
