# My Favorite Nature Book: Volcanoes Of The World: Includes An Activity Kit With A Poster, Stickers & A Do-It-Yourself Flipbook (My Favorite Nature Books)

## Synopsis

What excitement! Stepping right up to the edge of an active volcano! Children will feel as if that's exactly what they're doing when they open this fabulous kit. The beautifully illustrated book is filled with information on how volcanoes are created, where they are located (including some at the bottom of the ocean), and how they affect life on Earth. Magma, lava, tectonic plates: there are plenty of facts, new vocabulary, and an introduction to some of the most famous volcanoes ever. Plus, kids get to place stickers of volcanoes on a map, and put together their very own flip book of a volcano erupting!

## Book Information
