Delphi For IT Men

Synopsis

Delphi is famous as the ancient sanctuary that grew rich as the seat of the oracle that was consulted on important decisions throughout the ancient classical world. Moreover, it was considered as the navel (or centre) of the world by the Greeks as represented by the Omphalos. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject's core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject . We hope you find this book useful in shaping your future career & Business.

Customer Reviews

This is a neat and cheap way for folks looking to learn a little about Delphi in less then 1/2 hour, straight to the point, not sure why they have a million titles when it seems they are all the same but worth the cost for any newbie or interested person.
