The Carta Bible Atlas, Fifth Edition Revised And Expanded

Synopsis

The Carta Bible Atlas (previously titled The Macmillan Bible Atlas) has been the premier Bible atlas of choice for students, scholars, and clergy for decades. Carta, Jerusalem, is pleased to present a new, corrected, and expanded fifth edition of this atlas that includes detailed maps, analytical notes relating biblical events to geographical locations, military campaigns, travel routes, archaeological highlights, a place index, a name index, and 40 new maps.

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (13 customer reviews)

Best Sellers Rank: #159,022 in Books (See Top 100 in Books) #23 in [Books > Christian Books & Bibles > Bible Study & Reference > Atlases](#) #50 in [Books > Textbooks > Reference > Atlases](#) #57 in [Books > History > Historical Study & Educational Resources > Historical Maps](#)

Customer Reviews

If you could only own one Bible Atlas, what would be your choice? The Carta Bible Atlas, 5th Edition, by Carta would be my recommendation for pastors like me and serious Bible students. I make that recommendation as a Bible Atlas nut who owns almost every one out there. It has one claim to fame that allows it to outpace the pack "It has the most maps for specific Bible events. They are unrivaled for accuracy. Carta maps are the preeminent ones out there today. They publish larger atlases for scholars like The Sacred Bridge as well as more popular ones for general audiences. This one, now updated, however, has been the standard for years. Originally called The MacMillan Bible Atlas and a pastor's favorite since the 1960s, five updates have only made it better. I have used an older edition for years, but I love the maps that have since been added with all my old favorites still there too. I guess my son will get my older edition so he will have a great start on a Bible atlas. The additions supplement world history among the Bible maps. They put Bible history in the larger context. The world around God's people is important to the narrative and are part of the story in many cases. The maps are better for the Old Testament than the New, but the

New Testament section is improved from previous editions. The maps are not as vivid or colorful as those in some other atlases. There are occasions where a conclusion on Bible history or chronology is more liberal than I could accept. Still, even with those caveats, this volume is the best. Read your biblical passage and turn to the appropriate Bible map in this volume and you will see for yourself.
