Indestructibles: Baby Night-Night

Synopsis

It's the little series that could: Indestructibles are innovative books built for the way babies read. Printed on a unique, nontoxic, paperlike material that holds up to anything babies throw at them, Indestructibles are rip proof, chew proof, drool proof and gum proof. They're 100% baby safe and they're washable. When a book gets dirty, just throw it in the dishwasher or washing machine, and voilà, the book is back and ready for more. Featuring the second set of titles by Kate Merritt, whose distinctive and colorful collage illustrations are as adorable to parents as they are to babies, here is a new Indestructibles that is a joy to read aloud. Baby Night-Night makes the bedtime ritual—putting on pajamas, reading a story, and the good-night kiss—a special time for parents and children. Simple, engaging text encourages language development, and each spread is filled with sweet details.

Bought this book at Target and loved that it's 'Indestructible'. My 8 month old has chewed and crumpled this book and it still hasn't been wrecked. I was so happy with it that I bought Baby Peekaboo at Target also. As I was ordering something else thru I decided to order 6 more of these books. SO disappointed!! The other six I bought have NO story or words. Just pictures. Then when I read on, it does say that the nursery rhyme is printed on back. Not a fan of that. I honestly would

not have bought those had I known there were no words or story. We have the 2 mentioned above, along with Baby Faces, Hey Diddle Diddle, Baby Babble, Wiggle March, Mama and Baby, and Creep Crawl. If I was buying again I would get Baby Night Night, Peekaboo Baby and Baby Babble. The rest were not what I was expecting.

I bought this for my 7 month old son. When it arrived, I was immediately disappointed! It felt very cheap and was not at all what I imagined... that being said, my baby LOVES it! The material which I thought was "cheap" really does seem to be indestructible! He rips at, crumples it, chews on it, throws it, etc...it is still very much intact and he still loves it several months later. I would definitely recommend!

I love these books and so does my daughter. They really do seem to be indestructible! The illustrations are really cute and the children featured are diverse. They're great for pointing out daily life objects and talking about new words. They're awesome for the car and to carry in the diaper bag since they're super light weight. I have washed them in warm soapy water to reshape them and let them air out and they came out perfect. I've purchased several different ones. Love them!

These books are wonderful and my 9 month old grandson chews on them, wads them up, loves to make the crinkle sound with the pages and sleeps with a couple of the books nearby! They make great gifts and are easy to mail. I want my grandson to love books and these are a great introduction to the wonderful world of books!

I ordered 2 of these books (Baby Night-Night & Baby Peek-a-Boo) for my baby granddaughter. She loves these books! She sucks & chews on them- she crumples them- she throws them- with no negative effect! They do seem to be indestructible & they are very easy to clean. The illustrations are wonderful- very appealing with wonderful hues of bright & appealing colors. I am an artist and love children's books & I truly love these and highly recommend them for babies and young toddlers.

Daughter loves this book! (along with the a few others i bought). It really is **INDESTRUCTIBLE**...lasted through....drool, bites, attempts to tear/rip, and folds. Of course you'll see the wrinkles BUT that's nothing compared to a torn book. Will definitely purchase more of the series!

My 16 month old actually likes this book. The images are bright and the book is of great quality. It's paper thin so you can tuck it, fold it or roll it up and toss in just about anything! Great concept and my little one approves!

I own every book in this "series" and some are going on 4 years old. My youngest loves taking them in the tub, chewing on them and crumbling them up but they are truly indestructible. Although I do wish they all had words, especially the ones that depict the popular children's tales, despite that they are still great, attention grabbing and vibrant. I highly recommend!
