# The Compass: Essential Reading About XML, Dita, And Web 2.0 (Second Edition)

Synopsis

Your guide to modern technical communication These white papers, also available at scriptorium.com, introduce you to critical tools and technologies, including structured authoring, Extensible Markup Language (XML), the Darwin Information Typing Architecture (DITA) and the DITA Open Toolkit, and user-generated content (blogs, wikis, and forums). The Compass provides essential information about the direction of technical publishing today. NOTE: The Compass is a compilation of white papers that are also available free at scriptorium.com. The book does not contain different or updated content.
